**"Where Space is at a Premium"**

**WHAT IS A MARIOTTI ME?**

- It's the go-to forklift if space in your production area is limited!
- It's the go-to forklift if you need to work in narrow aisles!
- It's the go-to forklift if you operate on wooden floors!
- It's the go-to forklift for loads up to 2,100 pounds!
- It's the go-to forklift if you have small cooler or freezer operations!
- It's the go-to forklift if you want the most compact electric rider on the market!
- It's the go-to forklift if you want integrated side shift as a standard feature!
- It's the go-to forklift if you want a comfortable ride for full shift operations!
- It's the go-to forklift if you want maneuverability!
- It's the go-to forklift if your applications are better suited for a small truck!
- It's the go-to forklift if you are looking for quality and dependability!

**GO-TO THE NEAREST MARIOTTI DEALER AND CHECK OUT THE ME TODAY!**

**The Most Compact  
Electric Riders  
On The Market!**

At widths as narrow as 31" and heights as low as 75", ME trucks can drive through a standard door opening, maneuver elevators, navigate the narrowest aisles and still deliver a heavy payload.
